

For early weigh-in needs, the championships will be held at two locations at SASEAS and Visitation both a 9:00am. These site will allow players who don't want to wait until a later time to weigh in either on a game day or a Sunday match up. You are not required to go to a central site if you are playing on the same day.

Participant players are required to wear their official numbered game jersey to the weigh in. Each player should bring this form with them to the early weigh in site and have it filled out by the representative and hand in to the opposing coach prior to the game
